Newton Grange Holiday Cottages has a large tarmacadam car park which is for the exclusive use of guests staying at the holiday cottages and the residents and staff of Newton Grange Farm. The photograph below illustrates its location.

The car park is situated approximately 50m away from the main holiday cottage complex. It does not have an entry/exit barrier or height restrictions and is suitable for all sizes of private car.

Additionally, the Hermitage has a private parking space with tarmacadam surface immediately adjacent to the cottage.

For ease of unloading to the cottages, guests are welcome to park temporarily on the tarmac surfaces that run adjacent to the cottage patios and entrance doors.

Driving vehicles on to the patios themselves is not permitted as the weight of vehicles can damage and crack the patio flagstones.

Outdoor facilities

All the cottages benefit from a number of shared outdoor amenities.

There is a grassed picnic area adjacent to the cottage car park. It is on the same level as the tarmac car park adjacent to it and is equipped with a number of picnic benches.

Surrounding the main barn conversion (including the cottages of Turnbers, Mickleber, Nuttleber, Hulber and Newton) there are paved patio areas and a grassed area to the rear. The patios are equipped with wooden outside furniture comprising of chairs and tables. Cushions are provided for the outside seating and are stored internally in the cottages.

There is a shared Wash House facility at the top of the driveway to Newton Grange Farmhouse, which is a complimentary facility for all cottage guests to use. It includes three washing machines, a tumble drier, internal hanging rail, washing baskets and pegs. There is a Whirligig for guests to use, located on the rear grassed area behind the cottages. The cottages also have drying racks inside.

Level access to the entrance doors of Mickleber, Hulber, Newton and Turnbers Cottage is possible when approaching the cottages from the pathway in front of Moorber Cottage, which is the closest cottage to the farm entrance and buildings.

When approaching the cottages from the main car park, there are two stone steps to access the cottages, and a number of steps and different levels to negotiate.
